

THE NEWEL'S BIG SUBBLATION

Commercial Club Will Run Excursion Celebrating Completion of Nev. Northern.

TRADE BELONGS TO UTAH

CONCERTED EFFORT PLANNED IN ORDER TO WIN MARKET.

Extensive preparations are being made by the Commercial club to participate in the celebration which will be held in honor of the opening of the new railroad for traffic at Ely, September 23 and 24. Arrangements have been made to run a special train comprising four standard Pullmans, a tourist sleeper, a diner and a baggage car. Held's band will be taken to keep the enthusiasm of the excursionists from dropping during the trip, and to show the Nevadans that Utah can furnish good music as well as good goods. The special will leave here September 23 and will arrive at Ely on the morning of September 24, remaining there two days. The excursionists will be able to sleep in their coaches and to have their meals furnished from the diners if they so desire.

Leaving Ely on the night of September 25, the train will arrive here on the morning of October 1. The excursion will be the first through train over the Nevada Northern line. The Salt Lake men who go on this excursion will participate by special request in the celebration of the opening of the new road which will give Ely and the other camps touched by the road, far better freight and passenger facilities than they have ever had. The completion of the road will be an event in the history of the camp, and the celebration will be a "hummer."

The trade possibilities that are opened up for Utah wholesalers and jobbers should not be underestimated," said Fisher Harris, manager of the Commercial club, yesterday morning. "This new road will give an outlet for Utah goods into this territory that should be made use of at once by Utah business men. These Nevada people want to buy their goods from us, and this road solves the problem of transportation. There is no reason why we should not get that trade from the start."

SUSPECT IS IDENTIFIED

William Best, Bartender, Says F. M. Pueblo Is the Man Who Held Him Up.

F. M. Pueblo, 28 years of age, was identified yesterday by William Best, bartender at the Court saloon, Fourth South and State streets, as the man who entered the place Sunday night and held him up. Best is positive in the identification and a blue handkerchief was found on Pueblo, as was the hold-up word.

Pueblo was arrested about 3:30 o'clock yesterday morning by Police Officer Galbransen. He was on Victoria alley when arrested and was intoxicated. Pueblo refused to talk to the officers and so far has given no account of himself.

A LESSON IN HEALTH

Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. F. J. Hill Drug Co., the never substitutes.

LAST EXCURSION NORTH.

September 15th. Via Oregon Short Line. Usual long limits will prevail. See agents. Strictly a Utah product, grown and prepared—MOUNT'S Dill Pickles.

SINGING CLASSES.

Hundreds of bright, happy children thronged the Assembly hall, near the Tabernacle, yesterday to take their first singing lesson for the season in the Pyramids' juvenile singing class. The lower floor was more than half filled with bright little songsters, while quite a number of parents and tourists watched the lesson, "Giving and Taking," from the gallery.

This begins the twenty-fourth season of Mr. Stephens' work in Salt Lake City, during which time he has had about twenty-five thousand little folks, such as these, under his training. The fact that these hundreds of children worked without a single individual having to be called to order for noise and a half, shows the interest taken. The course for the winter includes all kinds of part singing, sight reading and expression, including the easy natural control of the young voices.

HOLES CRIMINAL COURT

Judge Armstrong Sets Cases for Trial and Has a Number of Arrangements.

Judge Armstrong held a session of criminal court yesterday morning and set a number of cases for trial. Harry J. Stahler, the former Farley strike breaker, who is accused of "rolling" a drunken man, was given until Wednesday to plead. He is a minor, and Attorney E. Rogers has been appointed guardian ad litem for him.

J. Mamalis, a Greek, accused of rioting at Garfield some weeks ago, pleaded guilty and was fined \$10 and costs. Having no money he will serve out the fine in the county jail at the rate of \$1 a day.

Peter Charland, H. H. Hawley, C. E. Jackson, and J. B. Brooks were arraigned on a charge of burglarizing the Vienna bakery. Charland and Hawley pleaded not guilty. Jackson and Brooks were given until Wednesday to plead.

Bert Hay, a young man under age, who is accused of being implicated in the crime, has not yet been arraigned. Nick George and George Pappas, accused of engaging in a riot at Garfield, pleaded not guilty.

Criminal cases were set for trial as follows: Sept. 18—D. M. Ferguson; felony. Sept. 19—Frank Croft; assault with a deadly weapon.

Sept. 20—Alfred Bell; forgery. Sept. 21—J. T. Lavery; embezzlement. Sept. 22—E. Thompson; burglary.

Sept. 23—W. J. White; obtaining money under false pretenses. Sept. 24—Arthur Brown; forgery.

Oct. 1—Peter Charland et al.; burglary. Oct. 2—Roy E. Bailey; burglary. Oct. 3—John Holmes; nick. George Pappas, George Nickar, Nick George and George Pappas; riot.

BROKERS ARE ENJOINED.

They Cannot Sell Scalpers' Tickets in Utah Any More.

Following the example of the federal court, Judge Morse yesterday granted preliminary injunctions in three suits brought by railroads to restrain local ticket brokers from doing business. Practically all the points raised by the application for a preliminary injunction, that would be raised in an application for a permanent injunction, and the effect of the preliminary injunction is to put the brokers still further out of business. A Louisiana case, which it is believed will finally decide the matter, is now pending on appeal to the United States supreme court.

The plaintiffs in the suits before Judge Morse are the Utah Light & Traction Company, the Utah Pacific and the Oregon Short Line roads. The defendants are Oscar Groschell, Fremont, Nev.; J. Crowell, H. J. Crowell, Elmer E. Darling, Jasper Fletcher, Isaac Kahn, Harry Fred, O. B. Engelhart, C. C. Baker and A. Ottinger.

WOMEN ASK DAMAGES.

Two Suits Against the Utah Light & Traction Company.

Elizabeth Lambert yesterday sued the Utah Light & Traction company for \$2,500 damages for alleged personal injuries. She alleges that while she was alighting from a First South street car, June 4, 1906, the car started. She was thrown to the ground and her spine injured.

Jane E. Burns filed a suit against the Utah Light & Traction company yesterday for \$10,000. She alleges that while she was boarding a car at Third South and Fourth East streets, Aug. 27, 1906, the car started. She fell and alleges that she sustained internal injuries in addition to being severely bruised.

Court Notes.

Judge Richie was in Toole county yesterday holding court. He will return today.

James Vieta, a native of Italy, was admitted to citizenship by Judge Armstrong yesterday. He lives at Bingham.

The Crane company yesterday sued Frank R. Houser for \$45.35 for merchandise alleged to have been purchased this year.

John Lanchino began a suit yesterday to foreclose on the property of the Cluster Mining company at Big Horn canyon. He has a contractor's lien against the property amounting to \$1,080.

Marle Pakis yesterday sued Martin Pakis, divorcee, for the group of \$100 support. They were married at Cheyenne, Wyo., March 1, 1901, and the wife alleges that her husband has not supported her since their marriage.

William Wharton yesterday began suit against Ethel Scott Wharton for divorce. They were married in Denver, Colo., May 8, 1904, and three months later, when he moved to Utah she refused to follow him, and still refuses.

Cured Hay Fever and Summer Cold

A. J. Nussbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Kidney and Bladder Cure, and it quickly cured me. My wife has since used Foley's Kidney and Bladder Cure, and she never substitutes."

WILL USE BOISE EXHIBIT

Dried Fruits and Nuts to Be Shown at Intermountain Fair at Ogden.

At the request of County Fruit Tree Inspector R. E. Wilson it was decided by the county commissioners yesterday to place a fruit exhibit at the fair of the Intermountain Fair association, to be held in Ogden Sept. 20, 21 and 22. The exhibit will include a number of dried fruits and nuts, and will be taken to the fair by the county commissioners. The fair here the exhibit will be taken to Salt Lake for the State fair.

The commissioners granted the petition of residents of the Riverside district, who some time ago asked to have the county road changed to permit of an overhead crossing at the intersection of the highway and the Salt Lake and Ogden railway. The railway company will change the road at its own expense.

The commissioners will meet with the Rapid Transit people on Thursday and go over the entire proposed route through the canyon. This will probably determine the matter as to whether or not the company will ask the commissioners for a franchise.

The proposition to open Canal alley between Twenty-fourth and Twenty-third streets was turned down by the commissioners.

Commissioners Wilson and Madsen announced that they will place 10,000 trout fry in the Ogden river this week, the same to be furnished by the fish warden.

Persons interested in the proposed school, applied to the board for a salary of \$1,200 per year, with \$150 for contingent expenses and \$100 for a pension. The petition was referred to the finance committee.

The city board of education sent a letter to the commissioners asking them to add one-tenth mill to the tax levy, that they might have money equal to the estimate made by the board according to law. The commissioners took no action, however, as the assessment had already been made and the notice of assessment is now being sent.

A report was submitted by the clerk of the county board of education showing the number of school children in Weber county, according to the last school census, as 3,463. Of this number 1,741 are boys and 1,722 girls.

AFTER RAPID TRANSIT.

City Council Gives Order Regarding Repair of the Streets.

The bill for \$49 in favor of F. M. Farrell, which caused some heated words between Councilmen Thomas and Moore at a previous meeting, was allowed by the city council last evening on recommendation of the committee to which it had been referred. A resolution was adopted empowering the city recorder to advertise for bids for moving the Five Point fire station to city premises. At the present time a portion of this structure stands on a private ground.

The council called for the rigid enforcement of the ordinance requiring all corporations tearing up the streets to make good the damage to the city's streets. The former matter is taken to be a direct snipe at the Ogden Rapid Transit company and the condition of the street since that company started laying a double track upon it. The contract for furnishing rock for the city stockade was awarded to W. G. Wilson, who bid 32 cents per ton. There was only one other bidder. Payrolls aggregating \$4,379.59 were allowed.

ROAD BEING PUSHED.

Senator Bamberger Discusses Line to Ogden Canyon.

Simon Bamberger, president and general manager of the Salt Lake & Ogden Railway company, was in Ogden yesterday. Mr. Bamberger stated that the work of construction is progressing rapidly and that the company had decided to let one mile of the grading of the road. The mile of work is between the Riverside road and the Weber river and is comparatively easy work.

The Ogden Canyon Resort company has decided upon erecting a number of small cottages on its property in Ogden canyon. These buildings are to be considerably smaller than those that have been constructed this summer and will be less expensive. There has been considerable demand for smaller cottages, which the resort company expect to meet. An effort will be made to complete the masonry work on a large number of these before the cold weather sets in.

WILL BUILD SUGAR PLANT.

Factory at Bozeman Projected by Amalgamated Company.

David Eccles, H. H. Rolapp, Adam Patterson, M. S. Browning and Job Pingree, all of the Amalgamated Sugar company, are in Montana looking for a site for a new sugar factory. It is likely that it will be located at Bozeman. The new project will be controlled by the Amalgamated people it will be a separate concern.

Big School Enrollment.

The public schools of Ogden opened yesterday. It is estimated that the enrollment will be close to 4,000 or about 250 more than the first day last year. This would indicate that all the buildings will be crowded to their utmost. The number of children who are enrolled is a reflection of the school officials but they report that they will be able to take care of them all right.

Federal Court Session.

Judge Marshall held a short session of the United States district court here yesterday afternoon. The case of the Haydens vs. the Ogden Savings bank was set for hearing on October 9 and the case of England vs. the Ogden Waterworks company may be heard at the same session if the attorneys so agree. There was no jury drawn and court adjourned until October 9.

WORK IS RESUMED.

Utah Fireproofing Company Begins to Lay Walk.

The Utah Fireproofing company yesterday resumed laying sidewalk on Ninth South street near State. Forty men were set to work. The company has been working several weeks ago, owing to differences between it and the city engineer. Those differences were adjusted by the board of public works. The company has contracts to lay nearly twenty miles of sidewalk this year.

BUTTE MAN IS BUNCOED

Crook Posing as Merchant of Copper City Touches Him for Ten.

Officer A. B. Vance succeeded yesterday afternoon in running down three smooth grafters who landed in town yesterday morning from the south. On the train into the city they succeeded in fleecing E. L. Baker of Butte of \$100 and then left him waiting at the depot for the return of the money. One of the trio, who gave their names as George Spencer, L. G. Martin and H. Howe, sat with Baker in the train when a second member of the gang flashed an expense bill on him. The fellow who sat with Baker represented himself as Hennessy, the Butte merchant, and when he saw no more money, Baker dug up \$10, which he saw no more. After the crooks had left him Baker reported his plight to Officer Vance. The men were located in a rooming house, where they were arrested by Mr. Vance and Officer Hutchins.

Willcox Decision Reversed.

In the district court yesterday the decision of the lower court was reversed in the case of Ralph Willcox vs. the Oregon Short Line. Willcox asked for damages for being compelled to walk from Ogden Hot Springs to Ogden on account of a gain stopping at the Hot Springs station, he having purchased a round trip ticket at Ogden. A jury in the municipal court awarded Willcox \$200 damages and it was appealed by the railroad.

Beer Is a Temperance Drink

Statistics will Show that Its Increasing Sales Bring a Corresponding Decrease in Drunkenness.

To show the effect of beer drinking on the health, Dr. P. Bauer of Berlin, a distinguished German scientist and professor, makes a report on the health of 25 employees of a German brewery. This report is of especial interest just at this time because of the increasing popularity of beer in the United States, as shown by the recent report of the commissioner of internal revenue that during the past year the people of the United States drank 100,000,000 gallons of beer than during any other year in the history of the nation, and there is less intemperance than ever before.

In speaking of the results of his investigation, Dr. Bauer says: "Of the seventy-five employees, each of whom drinks over a gallon of beer daily, fifty-six have stood the rigid physical examination for continued service in the army and are soldiers; of the remaining eighteen, eleven are minors, three were found too small in stature and four were rejected on account of defects suffered by them."

Leading physicians have said there is no doubt whatever of the healthfulness of beer, and that it is the only food and drink that is both nourishing and refreshing. The healthfulness of beer is shown by the fact that it is the only food and drink that is both nourishing and refreshing. The healthfulness of beer is shown by the fact that it is the only food and drink that is both nourishing and refreshing.

In the brewing of beer, the richer the malt the more wholesome the beer. Pabst Blue Ribbon Beer is brewed only from Pabst exclusive eight-day malt, choicest imported hops and pure water. Pabst exclusive eight-day malt is grown in the finest selected barley and grown slowly, without any rushed development, so that the malt is perfectly ripe and contains all the elements of strength. It is always perfectly pure and clean, the most refreshing and nourishing beverage, the best beer for the home.

Less Alcohol

More Nutriments.

How many persons know that within a very few years the alcoholic strength of beer has been reduced by about one-half? How many are aware that a glass of Fisher's beer does not hold much more than 50 per cent of the amount of alcohol that was contained in a glass of the beer that was being produced in this country ten years ago?

Such is the fact. By the use of modern refrigerating machinery, which enables us to keep our beer cold, we are not obliged to use quantities of alcohol to prevent it from spoiling, as was formerly the case.

This is why modern, high-grade beer, like Fisher beer, is more than ever a temperance drink.

And in proportion to the reduction of the alcoholic strength of beer, its nourishing qualities have been increased.

Fisher's Beer Is for Health and Strength.

It contains just enough alcohol to make it refreshing and mildly stimulating.

To Get More Strength from Your Food.

When the Bowels are filled with undigested food we may be a great deal worse off than if we were half starved.

Because food that stays too long in the Bowels decays there, just as if it stayed too long in the open air.

Well, when food decays in the Bowels, through delayed and overdue action, what happens?

The millions of little Suction Pumps that line the Bowels and Intestines then draw Poison from the decayed Food, instead of the Nourishment they were intended to draw.

This Poison gets into the blood and, in time, spreads all over the body, unless the Cause of Constipation is promptly removed.

That Cause of Constipation is Weak, or Lazy Bowel Muscles.

When your Bowel-Muscles grow flabby they need Exercise to strengthen them, not "Physic" to pamper them.

There's only one kind of Artificial Exercise for the Bowel-Muscles.

Its name is "CASCARETS," and its price is Ten Cents a box.

So, if you want the same natural action that a six mile walk in the country would give you, (without the weariness) take one Cascaret at a time, with intervals between, till you reach the exact condition you desire.

One Cascaret at a time will properly cleanse a foul Breath, or Coated Tongue.

Don't fail to carry the Vest Pocket Cascaret Box with you constantly.

All Druggists sell them—over ten million boxes a year.

Be very careful to get the genuine, made only by the Sterling Remedy Company and never sold in bulk. Every tablet stamped "CCC."
